

Serial No. 10/697,937

AMENDMENTS TO THE SPECIFICATION

Please amend the Title as follows:

**CUSTOMIZABLE INTERFACE DEVICES AND
SYSTEMS AND METHODS FOR CUSTOMIZING THE SAME**

Please amend the paragraph on page 1, lines 3-7, as follows:

The invention relates generally to the production of interface devices for controlling at least one remote device. More particularly, but not exclusively, the invention relates to apparatus and methods for producing, and to a computer program for producing, such interface devices, and to an interface device for use in accessing media records stored as records on a remote storage medium.

Abstract:

Please replace the current Abstract with the following replacement/new Abstract
